ABOUT ME

Experienced Frontend Developer. I have been working with Angular on a daily basis for one year now, but I also have experience with other frameworks/libraries such as React. On top of that I also had the chance to work on a small full-stack project using Angular for frontend and Node.js (express.js) for backend. Thus, my knowledge of JavaScript is strong.

SKILLS

Skills: HTML, CSS, JavaScript/Typescript, Angular, React, Redux, Next.js, Node.js, Git, REST API...
